## Evaluation for Foundational and Preparatory Level

Dear Parents,

In alignment with CBSE directives under NEP 2020, our school is implementing the Holistic Progress Card (HPC) for students in the Foundational and Preparatory stages, starting this term.

This new system follows a competency-based and play-way-based approach, focusing on the natural development of young learners through joyful, activity-driven, and experiential learning. The HPC evaluates progress based on various key competencies, including:

- Academic learning
- Co-curricular engagement
- Life skills and values
- Social-emotional development
- Personal and social behavior

### Evaluation will be ongoing and well-rounded, conducted through:

- Term-wise assessments
- Monthly observations
- Peer assessments (encouraging self-reflection and cooperation)

This method moves beyond traditional grading, offering a comprehensive picture of each child's growth in a nurturing, child-friendly environment.

We look forward to your continued support in making this meaningful transition.
